Regular Board Meeting

Date: October 16, 2017
Topic: Approval of Sketch Plans: Pacific Heights Elementary (Site 134) Addition

Background:

Approval of an addition to Pacific Heights Elementary School (Site 134), 17148 – 26 Avenue, was announced by the Ministry of Education on 2017-03-17. The addition will increase capacity by up to 300 students, which will bring the school's total nominal capacity to 630 students.

While formal funding approval has not yet been received for this project, the District has been moving forward with planning in an effort to maintain our target completion dates. The sketch plans are being brought forward tonight for Board consideration and approval with the intention of sharing the sketch plans at our open house at Morgan Elementary School on October 23, 2017 at 7:00 pm.

Alvin Bartel, Partner, Craven Huston Powers Architects and Kerry Magnus, Associate Director, Capital Project Office will present the sketch plans to the Board.

It is recommended:

THAT the sketch plans for an addition to Pacific Heights Elementary School (Site 134), 17148 – 26 Avenue, be approved, and that the project, subject to final funding approval, proceed with the remaining stages.
